NOTICE OF APPEAL

Applicant hereby appeals the final rejections in the above-identified case as set forth in the final Office Action dated October 23, 2002. More specifically, applicant hereby appeals the final rejections of claims 1, 3, 6-13, and 15-22.

With respect to page 2, paragraph 2, of the advisory action dated May 3, 2004, undersigned did not expect the Examiner to act as attorney in this case. Instead, the provisional notice takes into account the Examiner's failure to find patentable subject matter, something which the attorney can not predict, but can plan for. Undersigned has docketed the appeal brief from the Amendment as filed April 7, 2004.

Even though the Amendment authorized access to the Deposit Account for Noting the Appeal, it is believed that all fees due with respect to the filing of the appended Notice of Appeal are included herewith. However, should any additional fees be due with respect to this filing, it is respectfully requested that such fees be charged to undersigned's deposit account no. 11-1734, attorney docket number 30020-pa. A duplicate copy of this Notice of Appeal is enclosed.
